# OUR MISSION

OUR MISSION

To promote excellence  
in clinical diagnosis, research, technical  
development, and education in  
Cardiovascular Imaging in Europe.

## ABOUT THE EACVI

Created in 2003, the European Association of Cardiovascular Imaging, a registered branch of the ESC, is the leading international network in its field.

### Vision

The EACVI is a unified community of experts and a knowledge provider in Echocardiography, Cardiovascular Magnetic Resonance, Nuclear Cardiology and Cardiac CT modalities. The EACVI has switched its vision from a single technique entity to a patient care centric strategy.

### Values

The EACVI is committed to maintaining the highest standards of professional excellence in all cardiovascular imaging modalities by providing an innovative educational platform and being research focused to meet the needs and expectations at any stage of its members career.

The EACVI is the leading community of cardiovascular imaging experts and maintains strong links with cardiovascular imaging Working Groups in Europe and worldwide.

**100 European National Societies & Working Groups**

**20 Sister Societies Worldwide**

**Directory of Cardiovascular Imaging Laboratories**

Comprehensive directory of centres specialised in Cardiovascular Imaging to assist professionals in finding opportunities to further their careers.

**60 National Heart Imagers of Tomorrow (HIT) Ambassadors**

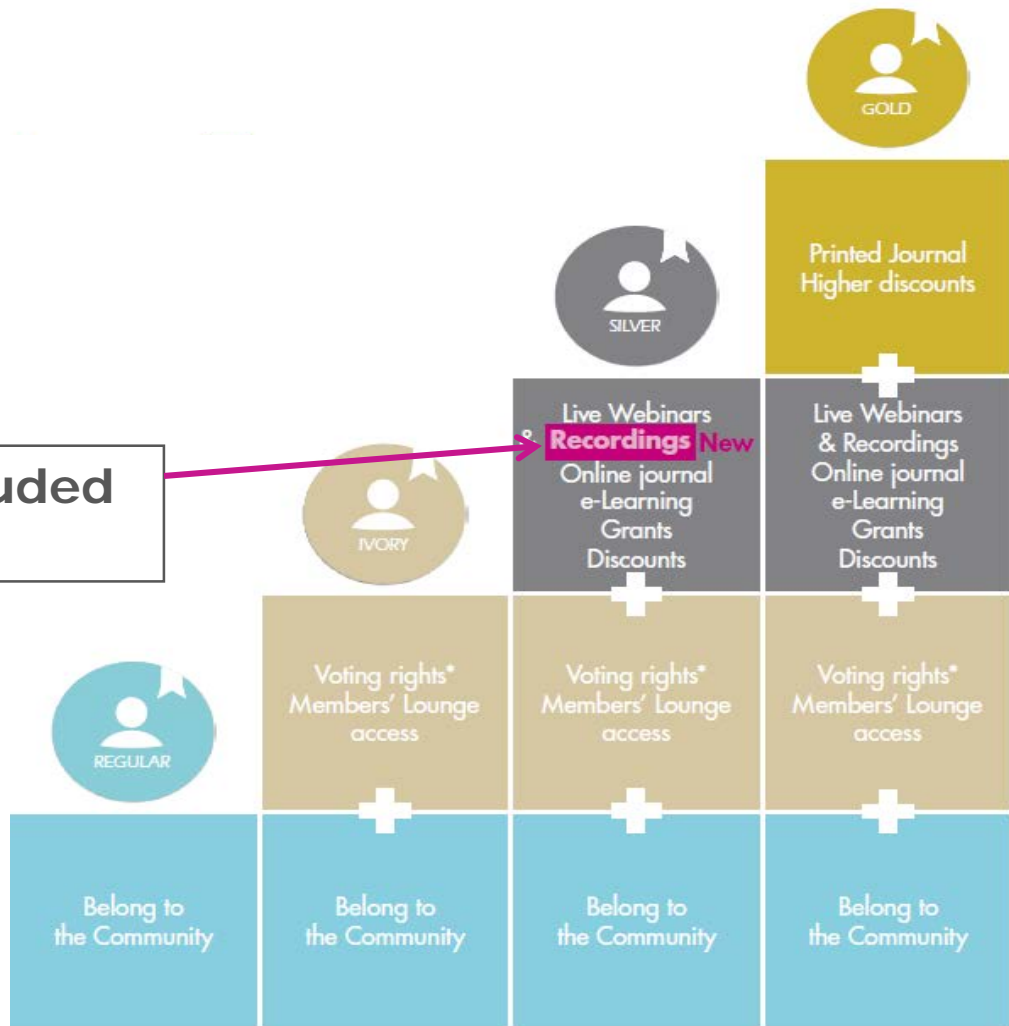

A dynamic group of national Ambassadors closely collaborate with the Heart Imagers of Tomorrow (HIT) committee (formerly the EACVI Club 35). They represent the voice of their community of cardiologists in training while the HIT committee focuses and the needs of the young community by developing dedicated Education initiatives and offering discounts on most of the EACVI initiatives.

## MEMBERSHIP

**50% discount**  
on the Silver level for  
the young community,  
technicians and nurses.

**Webinar Recordings** now included  
in the Silver membership!!

## CONGRESSES & EVENTS

Don't miss the four EACVI congresses and events

- World's largest cardiovascular imaging congress
- Annually
- Celebrated its 20<sup>th</sup> anniversary in 2016

**EuroEcho-Imaging 2017**  
6-9 December - Lisbon, Portugal

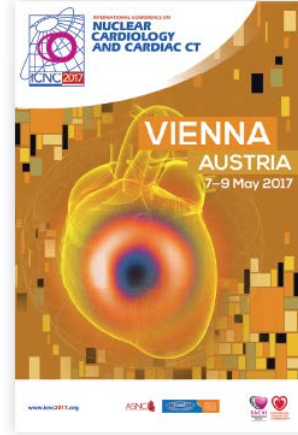

**EuroEcho-Imaging 2018**  
Date and place to be announced.

- Annual CMR meeting of the EACVI
- Largest and leading Cardiovascular Magnetic Resonance meeting in Europe.

**EuroCMR 2017**  
25-27 May - Prague, Czech Republic

**2018: EACVI/SCMR joint meeting**  
Date and place to be announced.

International Conference on Nuclear Cardiology and Cardiac CT

- Every two years
- Co-organisers: the EACVI, the European Association of Nuclear Medicine (EANM) and the American Society of Nuclear Cardiology (ASNC).

**ICNC 2017**  
7-9 May - Vienna, Austria

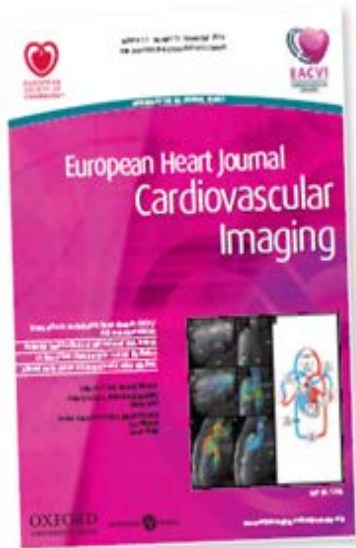

### World Summit on Echocardiography

- Co-organisers: EACVI and the American Society of Echocardiography (ASE).
- Every two years

**World Summit on Echocardiography 2017**  
5-7 October - Rio de Janeiro, Brazil

## JOURNAL & PUBLICATIONS

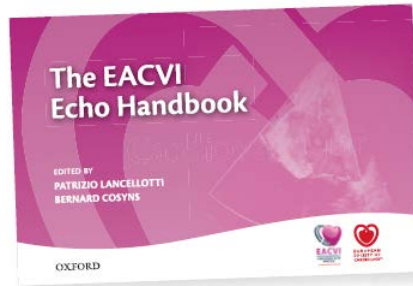

### European Heart Journal – Cardiovascular Imaging

The EHJ-CI is the journal of the European Association of Cardiovascular Imaging.

**Impact factor** went from **1.917** in 2008 to **4.293** in 2016

Subscription is included in the **Gold** membership level.

Online subscription is included in the **Silver** and **Gold** membership levels.

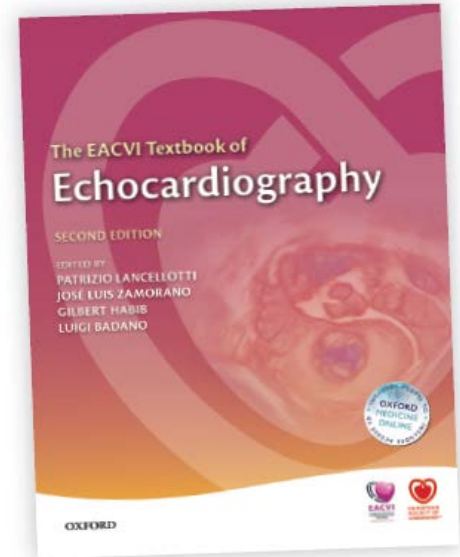

### Echo Handbook

Released late 2015

### Textbooks

- Echocardiography - 2<sup>nd</sup> edition. Released in 2016.
- Cardiovascular Magnetic Resonance Release in 2017

## JOURNAL & PUBLICATIONS

### 2017 Compendium

Compiles all the EACVI Recommendations published in 2015 and 2016

### CMR Pocket Guides

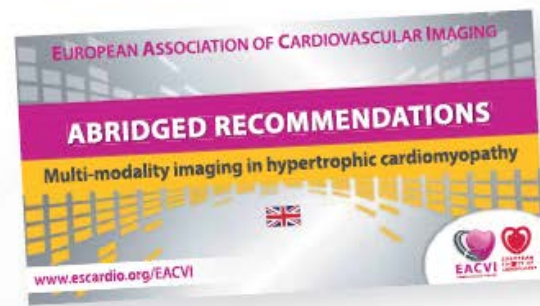

Endorsed by the EACVI

- Congenital Heart Disease
- Physics for Clinicians
- General Pocket Guide

### Abridged recommendations

- Aortic & Pulmonary Regurgitation\*
- Mitral & Transcuspoid Regurgitation\*\*\*
- Infective Endocarditis\*\*\*
- Transcatheter Interventions\*\*
- 2016 update - Diastolic Function\*
- Radiotherapy\*\*\*
- Transoesophageal Echocardiography\*\*\*
- Pericardial Disease\*\*
- Multi-modality imaging in Hypertrophic Cardiomyopathy\*\*

\* Available in English only

\*\* Available in English and Spanish

\*\*\* Available in English, French, Portuguese and Chinese

EDUCATION

**Expand your knowledge  
from anywhere all year long**

Don't miss the

**EACVI live webinars**

11+ sessions scheduled in 2017

## Distance Learning

Expand your knowledge from anywhere

### Learn from the experts

The EACVI e-learning programmes in Echocardiography and Cardiovascular Magnetic resonance are based on the Echo and CMR core syllabi of the EACVI. They provide the required knowledge to be at the cutting-edge of each imaging modality.

The e-learning programmes include didactic tutorials created by leading experts in the fields in TTE, TOE and CMR.

# Individual Certification

The EACVI provides the only European certification of professional excellence in Echocardiography (TEE, TOE & CHD) and Cardiovascular Magnetic Resonance (CMR).

The programme is designed to certify both practical experience and knowledge in these specialties.

A minimum of 7 exams are organised each year.

The exams schedule is available on the dedicated EACVI webpage.

**EACVI Certification** provides formal acknowledgement to individuals and **European recognition**, governed by a **scientific society**

Heart Imagers of Tomorrow (HIT) is a dedicated committee of the EACVI which develops initiatives centered on the needs of tomorrow's generation of imaging experts.
